Benchtop Water Filter

COST OF REPLACEMENT FILTER CARTRIDGES

10" Sediment Filter Cartridge (1 or 5 Micron)	\$10
10" Activated Carbon Block Cartridge (5 Micron)	\$25

HIGHLIGHTS

- Portable: Ideal for renting, camping, or travelling
- All filters come standard with a 5 micron PP filter cartridge that removes all suspended particles >5/1000mm & is also replaceable with a 1 micron PP filter cartridge.
- Direct Connection to the faucet provides speedy and stable water flow
- Easy Installation: Simply remove the aerator from the faucet and the diverter, incorporating aerator, will screw straight on. For female faucets, a male adaptor is required and can be sourced from your local hardware store.
- No power required
- Recommended life up to 20,000 litres approximately 12 months

PRICE: ~~\$169.00~~ \$128.00

All prices are GST inclusive

This 2-Stage Benchtop Water Filtration system comes with a faucet, a spanner, a standard diverter valve, a sediment filter cartridge (1 or 5 micron) for Stage 1 housing, and an active carbon block water filter cartridge (5 Micron) for Stage 2 housing.
